

Capacity building to establish measures to implement the Nagoya Protocol

Monday 12 December 2016 @ 13:15

Business Group Meeting Room, Sunrise Building, 2nd Floor

Establishing legislative, policy and administrative measures is a critical early step in implementing the Nagoya Protocol. No one-size-fits-all solution exists, and Parties will need to adapt approaches as experience with ABS issues grows. **Building national legal capacity is a key to long-term success.**

Come learn about the **IDLO-SCBD capacity building course**, including:

- Launch of new e-learning modules (English, French, Spanish)
- Opportunities to attend interactive workshops using latest capacity building methodologies; and
- Establishment of a global network of ABS legal professionals.

Join an **interactive discussion with several COP 13 delegates from countries advancing on the design of their ABS measures** on:

- What are the latest advances in ABS measures?
- What has been the impact of the course on national processes?
- What are the next priorities for capacity building?
