Peace, Justice & Inclusive Societies

SDG 16 as a compass for navigating intersecting crises

30 May – 1 June 2023
Rome, Italy

SPEAKER BIO

Mr. Javier Surasky, Director of Research at Cepei

Javier Surasky has a Ph.D. in International Relations and chairs the International Cooperation Department of the International Relations Institute of the Universidad Nacional de La Plata, Argentina.

He is a senior researcher oriented to Development Studies, particularly in Global Development Agendas and the 2030 Agenda implementation and follow-up processes. He is a Together 2030 Core

Group member and co-leads the Latin America and the Caribbean group of the Coalition for the UN We Need (C4UN).

Since 2015, he has been analyzing Latin America and the Caribbean engagement in the 2030 Agenda monitoring and reporting process, including the UN Development System Reform process, focusing on the regional level.

Over the past two years, he has applied qualitative research methodologies to analyze the 2030 Agenda national implementation institutions and VNRs submitted to the HLPF, developing a VNRs Quality Index and the SDGs National Governance Quality Index, recently published by Cepei on its website.
