**Adendum No.001**  
**RFP# N\_69\_2020\_AFG, Internet Services**

Dear Bidders,

Reference is made to IDLO Procurement Exercise, Request For Proposal (RFP) No. N\_69\_2020\_AFG issued on 06/04/2020 for Internet Services through IDLO tenders page, ACBAR and ACCI website.

This letter serves as adendum to the RFP No. N\_69\_2020\_AFG response to questions raised by bidders (attached as Annex-A) and replaces bill of quantities under Annex 4, Financial Proposal (Attached as Annex-B)

IDLO would accept offers to reflect the RFP document. The offer shall be dully signed by the bidder's authorized representative where prices to reflect each item shall be submitted no later than 10:00hrs, 27<sup>th</sup> of April 2020 to [afg-tenders@idlo.int](mailto:afg-tenders@idlo.int)

All other terms and conditions of the RFP remain unchanged and remain applicable in full force. We appreciate your continuous interest with IDLO and looking forward to receiving your valued offer.

Procurement Unit  
IDLO Afghanistan

**Annex A**  
**Addendum No. 001**  
**Questions and Answers**

Questions	Answers
100Mbps is required in the RFP and 25Mbps Back up this is VAST or fiber?	during the backup time 65% of the actual bandwidth is required while primary link is down.
Connection will be Microwave or P2P wireless this is not mentioned or fiber?	Based on the location of IDLO office the fiber connection is not possible the connection is wireless and since this RFP any best higher equipment is purpose will be considered.
Technical proposal is written after Commercial proposal approval do IDLO need now or after commercial proposal and pricing is approved?	No offerors are to submit according to the RFP requirement. Offerors are to submit both technical and financial proposals in one email at the same time & date.
If one 100 Mbps Internet Bandwidth Link has to be provided and Bandwidth has to be divided between the 3 Physical Links to be Installed.	100mbps Internet is required in one location
Three (3) separate 100 Mbps Internet Bandwidth Links are required for the 3 Physical Links. (Total Bandwidth 300 Mbps)	No the total Internet bandwidth is 100mbps.
<b>kindly confirm</b> if IDLO will pay for the 15 Working Day Trial Period or they require it free of cost and Billing will start after Letter of Acceptance is issued.	Trail demo is free and there is no payment for that.
What would be the percentage of bandwidth IDLO require in case the primary link goes down? What would be the percentage of service uptime on the secondary/backup link?	The required bandwidth is 65 % of actual bandwidth during backup.
We have two Fiber-metro rings in Kabul independent of Afghan-Telecom and we recommend Fiber connectivity to IDLO because the frequency interference in other devices is high near airport in comparison to Fiber (Terrestrial/Aerial). Is it possible we run terrestrial fiber or aerial fiber from our nearest fiber ring manhole in the airport to IDLO office demarcation point?	Since this is request for purpose and we required as best service as possible you can offer any device is best from your technical point that would be consider during the evaluation.
