Reference is made to IDLO RFP HN_2023-000035 issued on July 13, 2023 for the procurement of Software for data anonymization through IDLO Tenders website.

Please find hereunder the queries received and IDLO's response to them.

1. We understand that the 60-day time frame cannot be changed. I would like to know if the internal deadlines for partial deliverables can be varied? Example: increase the 35 days to develop the tool to 50 (for example). We consider that 35 days for a tool of this complexity is very little.
 - A. Extension of more than 60 days is not possible. However, the proposal could contain different deadlines as long as they are consistent with the products requested.
2. We would like to request a one week extension for the submission of offers.
 - A. The new date to submit bids is Tuesday, August 8, 2023

For your consideration while preparing your response to the above mentioned RFP. All other terms and conditions of the tender remain unchanged and remain applicable in full force.

We appreciate your continuous interest with IDLO and looking forward to receiving your valued offer.
